Appearing Flower – Flower appears from nowhere

Card Fan Production – Endless cards appear

Card Fountain – Cards shoot into air

Drawer Box – Empty drawer produces objects

Pom-Pom Prayer Stick – Pom-poms impossibly interact

Center Tear – Written thought is revealed

Confabulation – Random details match prediction

Drawing Duplication – Thought drawing is duplicated

PK Touches – Spectator feels invisible touches

Animal Deck: Thought-of Animal – Spectator merely thinks of an animal and the magician reveals it

Animal Deck: Favorite Animal Prediction – A prediction matches the spectator's favorite animal

Animal Deck: Missing Animal – A secretly removed animal is identified

Animal Deck: Animal at Any Number – The selected animal appears at a freely named position

Animal Deck: Animal Tracker – The magician cuts directly to the chosen animal

Animal Deck: Zoo Escape – The selected animal is the only reversed card

Animal Deck: Four Dogs – Four different dogs gather from separate parts of the deck

Animal Deck: Four Cats – Four different cats assemble beneath the spectator's hand

Animal Deck: Dogs Versus Cats – Shuffled dog and cat cards magically separate

Animal Deck: Predator and Prey – Two related animals mysteriously find each other

Animal Deck: Habitat Match – Animals sort themselves into land, sea and air

Animal Deck: Animal Lie Detector – Truthful and false answers still reveal the chosen animal

Animal Deck: Animal Spelling – Spelling the animal's name locates its card

Animal Deck: Animal Sandwich – Two dog cards capture the selected animal

Animal Deck: Printed Animal – A blank card visibly acquires the chosen animal

Fast 'N' Genius: Thought-of Picture – A merely imagined picture is revealed

Fast 'N' Genius: Favorite Object Prediction – A prediction matches the spectator's preferred object

Fast 'N' Genius: Picture at Any Number – The selected illustration appears at a named position

Fast 'N' Genius: Missing Picture – The magician identifies the secretly removed illustration

Fast 'N' Genius: Picture Tracker – The magician cuts directly to the selected image

Fast 'N' Genius: Story Order Prediction – Randomly arranged pictures match a predicted story sequence

Fast 'N' Genius: Cause and Effect – Two logically connected illustrations find each other

Fast 'N' Genius: Impossible Transformation – One illustrated object changes into another

Fast 'N' Genius: Picture Sandwich – Two related images capture the spectator's selection

Fast 'N' Genius: Comedy Lie Detector – Absurd questions inevitably expose the chosen picture

Fast 'N' Genius: Impossible Memory Test – The magician remembers the position of every illustration

Fast 'N' Genius: Color Sorting – Mixed illustrations separate into chosen color groups

Fast 'N' Genius: Image Spelling – Spelling the pictured object locates its card

Fast 'N' Genius: Storybook Finale – Several random pictures unexpectedly form one coherent story

Fast 'N' Genius: Picture to Pocket – The selected illustrated card vanishes and appears in a pocket

Mnemonica: Any Card at Any Number – A named card appears at a named position

Mnemonica: Number Names the Card – A freely named number reveals the card already waiting there

Mnemonica: Two Cards at Two Numbers – Two named cards appear at two independently chosen positions

Mnemonica: Next Card Divination – The magician names the card immediately above a selection

Mnemonica: Previous Card Divination – The magician names the card immediately below a selection

Mnemonica: Distance Between Cards – The exact number of cards separating two selections is predicted

Mnemonica: Missing Card – One secretly removed card is identified without spreading the deck

Mnemonica: Four Missing Cards – Four removed cards are named in their exact order

Mnemonica: Multiple Selection Divination – Several spectators' cards are revealed one after another

Mnemonica: Spectator Cuts to Selection – The spectator cuts directly to their own card

Mnemonica: Instant Four of a Kind – The mates of any named card are produced

Mnemonica: Named Poker Hand – The magician instantly deals the requested poker combination

Mnemonica: Total Memory – Cards and their precise positions are named from memory

Mnemonica: Packet Weight – The magician determines exactly how many cards were cut off

Mnemonica: Full Deck Order Prediction – The position of every card is shown to have been predicted

Butterfly Playing Cards: Edge Reading – The magician identifies a card without seeing its face

Butterfly Playing Cards: Instant Location – A selected card is found anywhere in the deck

Butterfly Playing Cards: Cut to Selection – The magician cuts precisely to a shuffled selection

Butterfly Playing Cards: Stop at Selection – The spectator says stop exactly at their card

Butterfly Playing Cards: Reversed Selection – One reversed card is identified from the deck's edge

Butterfly Playing Cards: Multiple Reversals – Several reversed selections are located without spreading

Butterfly Playing Cards: Missing Card – A card removed from the deck is identified

Butterfly Playing Cards: Matching Mate – The magician instantly finds the card matching the selection's value

Butterfly Playing Cards: Cutting the Aces – Four rapid cuts reveal all four Aces

Butterfly Playing Cards: Suit Separation – A shuffled deck separates into four suits

Butterfly Playing Cards: Color Separation – Mixed red and black cards separate themselves

Butterfly Playing Cards: Fingertip Location – The spectator touches any point and finds their card there

Butterfly Playing Cards: Card Stab – A knife or pen is inserted exactly beside the selection

Butterfly Playing Cards: Shuffle-Proof Locator – The selection is found after the spectator shuffles

Butterfly Playing Cards: Thought-of Card Location – A merely named card is removed without searching

PITATA Watch: Named Time Prediction – The hands arrive at a freely named time

PITATA Watch: Spectator-Set Time – The magician reveals a time secretly set by the spectator

PITATA Watch: Split Decision – One spectator chooses the hour and another chooses the minutes

PITATA Watch: Dice Time – Random dice rolls create the exact time shown on the watch

PITATA Watch: Birth Time Revelation – The watch reveals the spectator's time of birth

PITATA Watch: Anniversary Time – A month and day transform into a predicted hour and minute

PITATA Watch: Travel Departure – A freely chosen departure time appears on the watch

PITATA Watch: Phone Clock Coincidence – A random time selected on a phone matches the watch

PITATA Watch: Sealed Time Prediction – The watch matches a time written inside a sealed envelope

PITATA Watch: Card Value Time – A selected card determines the hour and minutes on the dial

PITATA Watch: Lottery Time – Two random numbers become the predicted time

PITATA Watch: Page and Line – A chosen page and line number appear as a time

PITATA Watch: Time-Zone Prediction – A chosen city's local time is already displayed

PITATA Watch: Frozen Moment – The watch stops on the exact minute of a spectator's decision

PITATA Watch: Borrowed Watch Coincidence – The magician's watch matches a time set on another watch

PITATA Inversion Board: Named Card Prediction – A freely named playing card appears in chalk

PITATA Inversion Board: Thought Word – A word merely imagined by the spectator appears

PITATA Inversion Board: Drawing Duplication – The spectator's hidden drawing is reproduced

PITATA Inversion Board: Celebrity Prediction – A chosen celebrity's name appears on the board

PITATA Inversion Board: Destination Prediction – A freely selected country or city is revealed

PITATA Inversion Board: Named Number – Any chosen number appears in handwritten chalk

PITATA Inversion Board: Instant Magic Square – A magic square forms around the spectator's number

PITATA Inversion Board: Date Prediction – A freely chosen date appears on the board

PITATA Inversion Board: Lottery Prediction – Randomly generated lottery numbers match the writing

PITATA Inversion Board: Color Prediction – The spectator's selected color appears

PITATA Inversion Board: Symbol Prediction – A freely chosen ESP symbol is drawn

PITATA Inversion Board: Menu Order – A spectator's imaginary food order appears in chalk

PITATA Inversion Board: Calculation Finale – The result of a random calculation is already displayed

PITATA Inversion Board: Name Revelation – A merely thought-of name appears letter by letter

PITATA Inversion Board: Animated Drawing – A simple chalk drawing visibly changes or completes itself

Animal Deck + Inversion Board: Predicted Animal – The board draws the animal selected from the deck

Animal Deck + PITATA Watch: Animal Time – The chosen animal secretly determines the time on the watch

Fast 'N' Genius + Inversion Board: Illustrated Prediction – The board reproduces the selected picture

Fast 'N' Genius + PITATA Watch: Picture Time – A chosen illustration leads to the exact predicted time

Mnemonica + PITATA Watch: Time Locates Card – The watch displays the precise position of a selected card

Mnemonica + Inversion Board: Card and Position – The board predicts both a named card and its location

Butterfly Playing Cards + PITATA Watch: Marked Time – The selected card's value and suit encode the displayed time

Butterfly Playing Cards + Inversion Board: Chalk Card – The board draws a card that is then found in the deck

PITATA Watch + Inversion Board: Perfect Synchronization – The board writes a time as the watch moves to it

World Tour Finale: Six Impossible Choices – An animal, picture, card, number, time and drawing all match one prediction
